

Reading list 2009–10

45 Economic geography

The current edition of the subject guide is the 2000 edition. This reading list was last updated in May 2009. Any queries about this reading list should be directed to externalstudy@lse.ac.uk.

Recommended reading

Healey, M. and B. Ilbery *Location and Change; perspectives on economic geography*. (Oxford University Press, 1991; reprinted 1996) [ISBN 9780198741558]. We are aware that some students may find it difficult to obtain this text and can suggest the following as a suitable alternative if necessary: Stutz, F.P and B. Warf *World Economy, The: Resources, Location, Trade and Development*. (Prentice Hall, 2006) fifth edition [ISBN 9780132436892].

There are also three other general textbooks, each with its own merits. We would recommend De Souza and Stutz to those who have not previously studied economic geography.

Berry, B., E. Conkling and D. Ray *The Global Economy in Transition*. (New Jersey: Prentice-Hall 1996) second edition [ISBN 9780135052648 (pbk)].

De Souza, A.R. and F. P. Stutz *The World Economy: resources, location, trade and development* (New York: Macmillan, 2006) fifth edition [ISBN 9780132436892 (hbk)].

Hannick, D.M. *Principles and Applications of Economic Geography* (New York and Chichester: John Wiley, 1997) [ISBN 9780471109334] especially chapters 1-5 and 11-12. Available via the publisher's website.

Additional reading

Parts of the following books are useful for certain sections of the syllabus.

Dicken, P. and P.E. Lloyd *Location in Space: theoretical perspectives in economic geography*. (New York: HarperCollins 1990) third edition [ISBN 9780060416775].

Dicken, P. *Global Shift: transforming the world economy*. (New York and London: Paul Chapman, 1998) third edition [ISBN 9781572303034].

Jones, G. and G. Hollier *Resources, Society and Environment Management*. (London: Paul Chapman 1997) [ISBN 9781853962349].

Knox, P, McCarthy, L. and J. Agnew *The Geography of the World Economy*. (London: Arnold, 2008) fifth edition [ISBN 9780340948354].

Wheeler, J. O., P.O. Mull, G. I. Thrall and T. J. Fik *Economic Geography*. (New York and Chichester: John Wiley, 1998) third edition [ISBN 9780471536208] especially chapters 1-4 and 12-14.

Journals

There is a wide range of journals on the subject. Some of the more useful and widely available are:

Annals of the Association of American Geographers

Applied Geography

Asia and Pacific Viewpoint

Economic Geography

Environment and Planning

Geoforum

Geography

Geographical review

Progress in Human Geography
Regional Studies
Tijdschrift voor Economische en Sociale Geografie
Transactions of the Institute of British Geographers
Urban Studies

Making use of the Online library

- To help you read extensively, all External students have free access to the University of London Online library where you will find the full text or an abstract for many of the journal articles listed for this unit.
- The Online library is accessed via the Student Portal at <http://my.londonexternal.ac.uk/>
- For most journals, the username and password you need is the same as the one which you have been sent to use for logging in to the Student Portal.
